

## ALL DEMONS DIE THIS DAY DEPROGRAMMING ILLUMINATI MIND CONTROL

BY KERTH [thoughtcrimeradio.net](http://thoughtcrimeradio.net)

By the way, you may have noticed that my name has an unusual spelling. It means, the strong spear. I point this out because, like a spear, I am attempting to tear asunder a veil of illusion created by the Illuminati. I have come to realize that virtually every person in our society has been subjected to Illuminati mind control. There are severe examples of Illuminati mind control--trauma-based mind control, such as MK Ultra, Monarch or Satanic Ritual Abuse. I've written elsewhere about the recovery from such brainwashing methods. However, in this article I am talking about the type of mind control which ordinary people are subjected to without realizing it. What I have to say is this--**Luciferianism is a paradigm**, that is, it's a pattern of thought--it's a set of toxic ideas which have spread like a virus to destroy human civilization. When you learn to recognize this paradigm, you can reject it. This offers you the opportunity for freedom.

When I was young I knew some people in secret societies. Some of them were hard core Satanists. Other, more aristocratic ones, preferred to think of themselves as members of the Society of Lucifer. I knew of one secret group which didn't believe in Satan or Lucifer. They believed in Christ and his Mother Mary. They called themselves the Gentle Followers of Mary. But as Christians go, they were definitely heretics. Their group went back to Medieval times; in those days they would hide books from the Inquisition to prevent them from being burnt.

The descendants of these Medieval heretical Christians had inherited those ancient books. They operated hidden libraries filled with books containing secret knowledge. Although I would, with difficulty, eventually break away from all ties to the Illuminati, when I was young there were attempts to recruit me. The Luciferian aristocrats, some of whom I was related to, knew of these secret libraries. They had a relationship of sorts with the guardians of these libraries. Wealthy Luciferian aristocrats would pay large amounts of money for the privilege of reading some of these rare books. At times, when I was young, I was allowed to read some of these secret books. One of these books told the story of the Year of Light.

According to this story--about six thousand years ago there was a bright star that appeared in the sky and shown day and night. This was, what we in the modern world would call a Super Nova. Some priests in the Middle East knew of this phenomena, and they were not afraid. But the warlike barbarians in the surrounding tribes were terrified. The clever priests, who were much more educated and civilized than their barbarian neighbors, took advantage of this situation. They used the ignorance and superstition of the barbarians to control their minds. The priests told the barbarians that the star was a sign from the sky gods in the heavens. The priests said that their head priest was really a sky god come down to the earth. So the superstitious barbarians all bowed down and worshipped him as a god. Thus he became the first of the god kings. Eventually the Super Nova burnt out, but a civilization remained. The god king was wise and created an organized society with agriculture, religion, soldiers, scribes and laws. The people prospered and lived in peace. So began the age of Lucifer.

You remember the legend of Lucifer, the fallen angel who was jealous of the one, true God of Creation. Lucifer wanted himself to be worshipped as a god. The god king of the

Year of Light had a similar choice. He could have told the barbarians the truth, and perhaps some of them would have respected him. Perhaps he could have made friends with them and began a new civilization that way. But the first god king was like Lucifer. He wanted to be worshipped as a god--and so he told a lie. This was the original sin--the original noble lie. I don't know if this ancient story I read was history or myth, but it does illustrate the concept of the "noble lie."

A noble lie is a falsehood told to control the minds of the people. It's important to remember that Lucifer doesn't always appear as a devil with horns, he often makes his entrance as an appealing god of false enlightenment. This concept of a noble lie is discussed in Plato's *Republic*. Although Plato was a brilliant man in many ways, he hated democracy and wanted aristocrats to be in charge. He dreamed of a utopian Republic run by philosopher aristocrats who control the peasants with mythology. The noble lie works like this. The ruling aristocrats make up a fictional story. When the people buy into that story and it's used to control them. In Plato's version of utopia, the people would worship a philosopher king as if he were god. This is called Luciferian Apotheosis, this is where an ordinary human being is elevated to the status of a god.

An example of this can be found in Ancient Egypt. The priests had long convinced the people that the Pharaoh was a god. They also convinced the people that the Nile river was a god. The farmers needed the Nile to flood every year. So the Pharaoh, in a ritualistic procession, would go down to the riverside and throw in a scroll ordering the Nile to rise. And of course the river would obey. What the priests never told the people was that the Nile River always flooded at the same time every year, even as it had always done long before the time of the Pharaohs. This was a noble lie. But if any peasant dared to point out that it was a lie, the nobility would order that his head be chopped off.

The goal of Luciferians is to be worshipped as if gods. They create noble lies to achieve this. In this way they have power over others. They tell fictional stories in which you are invited to become a minor bit player. If you believe the story, you become a character in it. So the fictional story comes to shape your world view. This is how you become disassociated from the real world. Unfortunately, at this time, most of the population are walking around with a belief system which is based on such lies. Most people in this modern world are mind-controlled to varying degrees.

The whole story of the so-called 911 Terror attack is a noble lie. Rich Winkel is the founder of [thoughtcrimeradio.net](http://thoughtcrimeradio.net), and he also has a degree in Physics. Years ago when he told me that Physics can be used to prove that the Twin Towers and Building Seven in the WTC were brought down with controlled demolition, I found that hard to believe. But if you are honest in your thinking and you do enough research you have to come to this conclusion. Simply consider Building Seven. It was not hit with an airplane. It wasn't knocked down by the collapse of the Twin Towers. Yet it fell down in a uniform fashion, at the near speed of gravity, directly onto its own foundation. It was a perfect example of controlled demolition. If you understand Physics at all, you know with 100% certainty that it's impossible for it to have been anything other than controlled demolition. Because it housed offices of the CIA, IRS and Secret Service--its level of security was such that only authorized agents working for the U.S. government could have placed the charges in the building. It's 100% certain that the U.S. government brought down Building Seven. And once you figure that out, all the other pieces fall into place. 911 was an attack on America done by the U.S. government under the false flag of terrorism. The fictional story of terrorists attacking our nation is a noble lie used to control the behavior of the American

people.

So the first level of deprogramming Illuminati mind control is the rejection of noble lies. You must understand that the stories told to you by authority figures are noble lies designed to create a false model of reality. At this time in the world, all authority figures of any kind are Luciferians in that they tell noble lies to control the people. To be free, you need to continually question all authority.

It's a creative act to tell the truth. But there's nothing creative about telling a lie--it's a destructive act. Truth-telling is healing. Falsehood creates sickness. **Common truth is the cure for noble lies.** But there is some risk in being a truth-teller, so telling common truths to destroy noble lies does take some courage.

To understand what's going on you have to realize this. Above your local government is the State government. Above the State government is the Federal Government. Above the Federal Government is the Illuminati. **Through various financial and corporate institutions, the Illuminati control the world while remaining invisible. This is what the politicians are referring to when they talk about the New World Order.**

Throughout history there have always been rare individuals who have seen through the noble lies and tried to free the people from them. Through the veil of lost history and religious mythology it's hard to tell who the historical Moses really was. But I think he was a prince of ancient Egypt who saw the decadence which had been created by such noble lies. He took his followers and escaped the Empire, fleeing the comforts of civilization and enduring the harsh conditions of the desert. In doing this they were able to find an authentic spirituality which didn't rely on noble lies. However, after centuries of struggle, when the Hebrew people were taken into Babylonian captivity, they were reprogrammed into a new version of Luciferian noble lies. Not all of the wisdom of the spiritual revolution lead by Moses could be destroyed, but his radical ideas were altered and tamed.

As ancient Egypt slowly sank into decadence, it spread Luciferian philosophy to other nations. Throughout ancient Rome and Greece, there were institutions known as Mystery Schools. Everyone knew that these Mystery Schools existed. Yet for the average peasant, the knowledge taught there was kept a mystery. Only the ruling aristocrats were allowed to attend such schools, and they were sworn to secrecy. These aristocrats were trained with a combination of useful education and methodical indoctrination. Ritualized torture, sleep deprivation and drugs were used to program the minds of the students. Often these bizarre rituals involved the invoking of daemons. These were believed to be nature spirits which brought wisdom to the student. However the word daemon is a variant of the word demon. The aristocrats were better educated than the peasants, but they were also brainwashed by their mystery cults. Often they acted as if they were demon possessed. This mind control made them feel separate and superior to the masses. The aristocrats were socialized so that they thought of the peasants as being beneath them. The more kindly aristocrats thought of the peasants as children to be kept busy and controlled. The crueler aristocrats thought of the peasants as cattle to be driven in herds and sometimes slaughtered. This is how the cult of aristocracy was created. But there were different types of Mystery Schools and none of them had absolute control. They kept each other's secrets, but fought among themselves for power.

Yesuha, the historical Jesus Christ, came along as a challenge to the materialism and violence of the Roman Empire. He also challenged the fear-based dogma of the pre-Messianic religious institutions. He was really challenging Luciferianism.

When the Romans found that they could not destroy his liberation movement, they

learned to influence it from within. Certain sun-worshipping Mystery Schools, such as the cult of Apollo and others, were able to hijack the growing Christian movement. The State Religion of Rome became a form of monotheistic Christianity which was really a fusion of Christ's teachings with certain pagan rituals and beliefs.

However, the Byzantine Empire was less decadent and less oppressive than the Pagan Roman Empire. Yet when Christianity did take over the Roman Empire, the pagan Mystery Schools had to go underground. However, they never really disappeared. They are still here today in a new form. Eventually they became secret societies in Europe. However, none of these secret societies had absolute power. Although they all agreed to keep each other's secret teachings from the peasants, they also fought with each other for power. Eventually they all became branches of the Illuminati world system.

By the time of the 8th and 9th centuries, a cult of hardcore Satanists were able to take over the Holy Roman Church. All of the witch hunts and heretic persecutions were really Satanic blood rituals performed in public. If you have trouble taking this in, consider this one fact. In Latin the title VICARIUS FILII DEI (Vicar of God) is used to address the Pope. Some Latin letters also represent Roman Numerals. (I = 1, U/V = 5, L = 50, C = 100, & D = 500.) If you add up all the Roman Numerals found in this title--they equal 666. (VICARIUS = 112, FILII = 53, & DEI = 501.) In fact you find many other Latin titles used in the Holy Roman Church which can add up to 666. There are so many examples of this that it becomes obvious that this was done on purpose. I can just image all these clever priests figuring out different ways to integrate Luciferian symbols and ideas into Church artwork and philosophy. No wonder we still call that time the Dark Ages.

All of this is no accident. Luciferian symbolism is found throughout every major religion in the world. And every major religion in the world tells its own version of noble lies that are used to control the people. Although the average priests and ministers are sincere in their beliefs, at the highest levels of all major religions there exists Luciferian secret societies of one form or another. Understand that I am not putting down all the wise spiritual leaders whose teachings have become the basis of the major world religions. The way that Luciferian aristocrats operate is that they never create anything. They take over things created by others. Then they imprint their Luciferian symbols and beliefs onto what they take over. That's what they did with Christianity. I'm not saying that Catholicism is evil. I'm not saying that the Pope is the Devil. I'm saying that at the top of the Church, it's leaders are members of a Luciferian secret society. And this is true of virtually every major religion in the world. It could not be otherwise.

Although their rule at the present time is not absolute, Luciferian secret societies dominate the world. Luciferians head the banks, the corporations, the News Media, the Universities, the major non-profits as well as the governments. Throughout history there has been a type of odd balance of power between the secret societies. At times there have been those Luciferians who have challenged this balance of power. Using Alexander the Great as their front man, an Egyptian Mystery School came close to dominating much of the known world. But fortunately, with the death of Alexander, their absolute domination was thwarted. Only the fact that no one cult came to dominate them all kept these ancient Mystery Schools from having absolute power. And the diversity of secret societies in Medieval Europe kept any one Luciferian group from having absolute power.

However, the present day Illuminati dream of succeeding where Alexander the Great failed. On May 1st, 1776, Adam Weishaupt founded an organization which would become known as the Illuminati. It would become exposed and officially disbanded but then

reorganized in secret. The reorganized Illuminati was headed by the powerful Rothschild Banking Family. They started off infiltrating Freemasonry in a systematic way. By the end of the Civil War, all Freemasonry in the USA was dominated by the Illuminati. Over time the Illuminati has organized all the other secret societies around the world into a single, invisible, global government.

The Illuminati plan is to remain invisible until they have absolute control over the world's population, then they intend to rule openly. They have worked methodically to conceal their existence from the general population. Their motivations are ultimately malevolent. One might say that the Four Horsemen of the Apocalypse are actually Illuminati members like Sir Evelyn Rothschild, David Rockefeller, Ted Turner and Michael Aquino. The Illuminati's present plan calls for a depopulation agenda which would eliminate more than six and a half billion people. The survivors of this holocaust would then become brainwashed slaves. Only then does the Illuminati intend reveal its existence to the public, who by that time will be completely beaten down into submission.

What I have just described is a brief summary of the true history of the world. And if you don't know these things, you're living in a fantasy world. The real world right now is very threatening and dangerous. I'm not saying these things to inspire fear. In fact, I would say that it's very important that you not be afraid. But if you are going to stand any chance of survival for yourself and your family--you have to accept reality. And this is what is real.

**The Illuminati presently dominate the world, and they are attempting to enact an apocalypse at this time.**

Welcome to the real world. If you can reject the fictional story that the general public still believes in and accept the disturbing truth of this real world--then you have escaped the trap of the noble lie.

There are other levels of mind control. The next level of escape has to do with overcoming the manipulation of your subconscious mind by the media.

The subconscious mind is the pre-verbal or non-semantic mind. It's the mind that existed in you as a child before you started to think with language. This is your inner-child mind. The subconscious is creative, imaginative, intuitive and it thinks in pictures. It's associated with the right hemisphere of the brain. This childlike mind of imagination became a foundation for your ability to learn language--and it never went away--it merely sank below your normal conscious awareness.

As you grew older you learned more and more language. This is the basis of your conscious mind. This is your semantical mind which is associated with the left hemisphere of your brain. The conscious mind is logical and can think critically. But the Illuminati mind controllers want to bypass your ability to think critically, so they manipulate you through your subconscious mind.

Television, radio and visual advertisements are all directed at your subconscious mind. The art of speaking directly to the subconscious mind is the art of propaganda. And this art has evolved into an exact science. The news media in the USA at one time had more journalistic integrity than it does now. These days the news media is under complete Illuminati control. A handful of corporations control all the mass media outlets. And those corporations are controlled by wealthy Illuminati members. If you get your news by looking at television, you're submitting yourself to Illuminati mind control. You aren't educating yourself on the issues when you look at television. To find out the truth you have to do a great deal of reading and research. Television isn't designed to inform, it's only designed to manipulate. If you look at television a great deal, you're abusing your own inner child

because that's what your subconscious mind is. When you look at trash on TV, you're dumping trash into your subconscious mind.

Because looking at television or movies can be a social activity, it may seem unreasonable to suggest that you stop. But unless you learn to turn off the TV, you won't escape the Illuminati mind control. You may think that because you have an intellectual understanding of the Illuminati, it's alright to watch all the TV you want to. But your subconscious mind doesn't respond to intellectual understandings. If you look at television a great deal, your subconscious impulses will override your logical thinking. For example, this is why people who know better find themselves binge-eating at fast food restaurants. Your logical, adult mind knows that fast food bingeing is unhealthy. But the ads on TV depict fast food binge-eating as fun. The childlike, subconscious mind responds to the images on TV and overrides the conscious mind. Your behavior is always going to be hijacked by the programming no matter how smart you are. And this doesn't just apply to the TV ads, the news programs are carefully engineered to manipulate you as well. So realize that the next level of deprogramming Illuminati mind control is to turn off the TV set.

Another level of deprogramming Illuminati mind control is to overcome a belief in your powerlessness. Every aspect of your life has been conditioned to make you feel powerless. And many Truthers who talk of the Illuminati reveal that they feel powerless to stop them. But the truth is that the Illuminati are not all-powerful. The age of Luciferianism is going to soon come to an end. In a sense, the age of Luciferianism has already ended.

After I stopped co-hosting a radio show on KOPN, I continued posting on the website. Shortly after I left the radio show I was contacted by some Illuminati insiders who had become disillusioned with the Illuminati's depopulation plans. These disillusioned insiders appreciated what I had been saying on the air to expose the Illuminati. One of them was a man who had been what the Illuminati call a Technocrat. These are computer programmers and social scientists who help the Illuminati manipulate the masses. They use social science and computer modeling to predict trends and figure out strategies for controlling the masses. This man worked for the Illuminati, but he had become convinced, based on his own research, that the Illuminati would ultimately fail. He considered it an absolute certainty that it would fail.

This technocrat was an expert on what scientists call Games Theory. This is a mathematical discipline involving computers which can accurately predict human behavior. Without going into all of the math, this Technocrat could explain why the Illuminati was going to fail with a simple fable.

"There were 13 sailors on a lifeboat. They had abandoned a sinking ship and were now loyal only to each other. **But their loyalty was conditional.** As long as they were in the same boat together, they could not afford to fight each other. Any betrayal or arguing would capsize the boat to drown them all. Their goal was to reach a near by island called the New World Order. So they worked in cooperation together to reach the island. **But once they achieved their goal, their conditional loyalty automatically ended.** They immediately fought until each one of them was dead or mortally wounded. As the last of the 13 sailors died of his wounds, the ship they had abandoned floundered in the sea."

There is a certain dynamic balance of power in which Luciferianism has always existed. In ancient times the Mystery Schools kept each others secrets, but fought with each other for power. And this created a kind of balance of power between them. In the secret societies of Europe, the same type of balance continued. But when the Illuminati came along to unify these secret societies into one group with the goal of world conquest, that

balance of power ended. The only reason that the leaders of the Illuminati are loyal to each other is because there are seven billion people in the world. It's the wealth of the Illuminati which allows them to impose their organizational structure upon the world. It's the leaders of the wealthiest 1% against the unorganized 99%. That social dynamic keeps the Illuminati leaders loyal to one another.

But this loyalty of the wealthiest 1% to one another is conditional loyalty. Once conditions change, that loyalty ends. To create their New World Order, they have to destroy all human civilization. Once their goal of the New World Order global government is in sight, the top Illuminati leaders all have plans to kill one another. And they all know that they all have plans to kill one another. The private underground bunkers that all billionaires own have been sabotaged with poisonous gas and bombs. The Ghost Cities in China that the wealthy Americans and Europeans hope to retreat to when the apocalypse comes are really also death traps. The Deep Underground Military Bases are really deathtraps. And the FEMA camps are obviously designed to be death traps. If the apocalypse which they've carefully planned for does come, none of the Illuminati leaders will survive it because they've all made plans to kill each other.

This was the point that the Illuminati technocrat I spoke with was trying to make. He worked for the Illuminati, but it had become clear to him and others inside the Illuminati that their system of control was going to end. He wanted me to post this truth on the website as a way for him to anonymously communicate to other disillusioned technocrats in the Illuminati who read my posts. Every day more and more Illuminati insiders are realizing that the Illuminati's plans will ultimately fail.

This is why I say that you are not powerless. The smartest persons in the Illuminati control system all know that it's just a matter of time until it fails. Furthermore, Luciferianism relies on invisibility. Because of the internet, more and more people have realized how the Illuminati works. A rip in the Illuminati's veil of invisibility is getting bigger and bigger. We're past the point of no return. Someday, relatively soon, everyone in the world will know what Luciferianism is and how it works.

There are those in the Illuminati system who want a violent apocalypse which they intend to begin soon. Illuminati member Ted Turner has publicly said that the Earth's population should be radically reduced. Accused pedophile Michael Aquino is a military officer and Satan worshipper. He's credited with the blackmail pedophile ring which was used to take control of certain Air Force leaders. Now the Air Force is spraying the American people with poisonous chem trails as a part of the Illuminati's depopulation agenda.

However some Luciferian aristocrats in the Illuminati feel threatened by this depopulation agenda. Many Illuminati insiders are realizing that the depopulation agenda will eventually include them. Some of these disillusioned Illuminati members want there to be a return to the stability of democracy. For those who do have wealth, the return of authentic democracy will be the best way they can preserve some of their wealth as well as the lives of their family members. However, presently, nobody in the Illuminati dares to stand up to the ultraviolet Satanists who lead the secret global government. But the Illuminati only have materialistic forms of power. There are those who have spiritual power.

When I was young I knew members of the Gentle Followers of Mary who demonstrated to me their psychic abilities. They had ancient books Hermetic knowledge which spoke of the attainment of such powers. Luciferians have always feared the psychic abilities of ordinary people. In ancient times, if they saw someone who demonstrated psychic power, they recruited that person into the priest-class of society. Many priests and priestess of the

ancient world were those who demonstrated psychic powers. Thus they could be controlled and used by the Luciferian leaders. Eventually the Luciferians used witch hunts and such to attack anyone who demonstrated psychic powers. When Christ went around healing people with miraculous powers--they had him crucified. Presently the Illuminati-controlled media ridicules anyone who expresses a belief in psychic powers. I've written about how anyone can develop their psychic abilities in a handbook called *The Enchiridion*. However, the point I'm trying to make is that if you're not using your spiritual powers, you're obeying the Illuminati's mind control programming. Psychic power is not necessarily difficult to awaken. If you pray to the one true Creator of all, that itself will awaken spiritual powers in you. But the Luciferians don't want you to worship the Creator, they want you to worship them.

When I was young I knew some member of the Gentle Followers of Mary, but they were then in the process of disconnecting their relationship with the Luciferian aristocrats. In time, they disappeared completely off of the radar of the Society of Lucifer. I've actually kept in contact with one of their members over the years. The Gentle Followers of Mary don't exist anymore, but there is a Hierarchy of Christian psychics who operate in secret. What they believe is that Yeshua never really died. He still exists on another world. He has the power to spiritually return to Earth at will. He has the power to effect changes in the world through spiritual force. They believe that Second Coming of Christ will be a spiritual awakening which destroys the Illuminati and transforms the world. Whether or not you're a Christian, if you pay attention to what you feel in your heart, you know that a time of spiritual transformation is at hand.

So you don't have to resist the Illuminati because their defeat is certain. The real goal is to survive the chaos caused by the Illuminati's collapse. The best way to survive is to deprogram the Illuminati mind control in your own consciousness. Then your choices will become rational. As you deprogram yourself and help to deprogram others, you and your friends will become a part of the social movement which will create a society that is post-Illuminati and post-Luciferian. In a sense, the six thousand year Age of Luciferianism has already ended. It will be those whose minds have been liberated who will define the new age to come. As a deprogrammed person, you are not powerless, you are actually more powerful than the present day leaders of the doomed Illuminati.

There is another way in which the Luciferians control people and that is with third party manipulation. In every major conflict that exists in the world, two parties are being manipulated into fighting each other by a hidden third party. That invisible third party is the Illuminati. But Luciferians have always operated this way.

The Rothschilds used the early Illuminati system to create the Reign of Terror in the French Revolution, then they put Napoleon into power. The Rothschild banking family then lent money to all sides of the Napoleonic Wars. Thus bankers profit from wars and thus they keep on creating them. They are the invisible third party which gets two nations to go to war. There was a plan which could have stopped the Civil War. The Federal government of the USA could have bought all the slaves in the South, giving them their freedom. This would have made laws banning slavery easier to accept by the Southern States. This would have been less expensive than the war ultimately was. But the Illuminati secretly interfered with the government enough to make sure that war did take place. After the Civil War the Rothschilds had an Illuminati member write up plans for Three World Wars. After WWI the League of Nations was formed. After WWII the United Nations was formed. The current plan is to create the all powerful New World Order after WWIII.

Some of other examples of this third party manipulation is as follows. Republicans vs Democrats. Conservatives vs Liberals. Wealthy vs the Middle Class. Israel vs Islam. America vs the Terrorists. Macho Men vs the Feminists. Whites vs Blacks. Christians vs the atheists.

In the media you constantly see the use of the false dialectic. A dialectic is a dialogue in which two conflicting points of view are argued. A true dialectic would be a debate where two persons of sincere beliefs take opposing points of view and argue until some type of compromise or solution emerges. A false dialectic is where two Illuminati stooges take differing points of view to create never ending arguments to distract the public. The congress of the USA is constantly involved in false dialectics. In Washington DC, only the illusion of democracy is being maintained.

The Illuminati hire infiltrators to join any type of empowering social movement. The Rockefeller family took over the woman's movement of the 1960s and infiltrated it with radical feminists. These Illuminati agents changed the movement from one which was empowering women to one which expressed hatred for men and family. This sort of thing is done with any type of social movement which arises. Always another, opposing social movement, is created to generate an ongoing conflict between two groups. This keeps the Illuminati invisible and in power.

So releasing yourself from any temptation to become a part of a two party conflict is another necessity to achieving deprogramming from Illuminati mind control. And perhaps this is most important. The Illuminati does everything in its power to keep people isolated from one another. In rejecting Illuminati mind control you come to accept your spiritual connection to all other people. The human condition is not to blame for all the troubles in our world--the Illuminati is. When you reject the illusions that have been imposed upon you by the Illuminati--you can feel respect and empathy for your fellow human beings. This is real freedom.

The Christian symbol of the Cross can be thought of in this way. The horizontal line of the Cross represents how we are to relate to other humans--which is as equals. The vertical line of the Cross represents how we relate to God the Creator of all things. God the Creator is the only valid object of our worship. The false gods of the Illuminati who set themselves up in positions of authority are unworthy of our worship. The Illuminati leaders aren't gods. They're not even human. They're subhuman. They are themselves compelled by their own inner demons. And on the day you stop believing in the lies of the Illuminati, all demons die this day.
